2018 was a year of great progress for Historic Downtown Brunswick. We are pleased to submit Main Street Brunswick / Brunswick DDA's annual report. As you will see, the DDA completed many notable projects and worked toward implementing several long-term initiatives. We are also pleased to report that the DDA district is in a strong position for future growth, as we continue to see renewed investment from the public and private sectors and reinvigorated buy-in from our community. Below you will find a brief list of some of the notable projects, accomplishments and trends from 2018:
